

1)  
When I'm not here with you, it doesn't work.  
When I don't have with you,  
there is nothing to can be trying.

Night when you aren 't here ,nothing be shine.  
If I'm not here with you,  
I don't also wanna have a meal.

2)  
I'm sorry always to say you.  
a stupid thing so many times.  
So you were getting tired one after another.

When I grasp this hand which touched lightly,  
you make you realize that your hand isn't there  
Oh,When you leave me, I'm alone.

3)  
Oh,When you leave me, I'm alone.  
This night has come to me like go insane.

Oh, You can't see me, I'm here.  
Oh, I think about you ever everytime.

think that you come to my side?  
The feelings to you are being  
made strong  
which you can't meet. Such night.

wow wow wow...  
(repeat)

think that you come to my side?  
The feelings to you are being  
made strong  
which you can't meet. Such night.

wow wow wow...

Oh, You can't see me,I'm here.  
Oh, I think about you ever everytime.  
Oh,When you leave me, I'm alone.  
This night has come to me like go insane.
